

PILLARS OF EXCELLENCE
Professional Behavior and Expectations
Copyright 2020 Adaptation Child Care Basics (DCYF 2018)

A “profession” by the dictionary’s definition is an occupation requiring considerable training and specialized study.

This course takes a broad look at the nationally recognized standards of professional practice found in the National Association for the Education of Young Children (NAEYC) Code of Ethics. It will also describe how program policies and procedures demonstrate the implementation of professionalism. A review from the Child Care Basics (DCYF) It cannot be used to fulfill the pre-service requirement.

Learning Outcomes

1. You will have the opportunity review and summarize the fundamentals of professional behavior and ethics.
2. This will be done through coursework, reflection, shared discussion board, applied knowledge, professional action plan and assessment.
